

Shelby County Government

COMMUNITY GARDEN APPLICATION

In order for us to plan for the coming garden season, we ask you to complete the form below:
(Please print on the top portion)

Name _____ Plot Number(s) _____
(If you had a garden last year)

Address _____

City _____ State _____ Zip _____

Phone No. _____ Email Address _____

Vehicle Tag No. _____ Vehicle Description _____

Do you plan to work your garden plot this year? YES NO

We ask that you please return this document completed with the information requested by February 15, 2020. If we do not receive by the deadline and you are a previous gardener, we will assume you no longer wish to garden. If you do not report your previously assigned plot number(s) for reference, you may be assigned another available plot. **All bagged leaves on your plot must be emptied and spread on or before February 15, so the area can be tilled for spring planting. It is imperative that all gardens must be cleaned off by November 1. No carpet or plastic should be used in the gardens as it presents a problem for bush hogging, tilling and clean-up. Violation of these rules may lead to forfeiture of plot(s).**

** If the Garden Community sees no evidence of this garden being worked by May 1st, this plot will be assigned to another gardener without further notice. Also, if a plot appears to be unused or abandoned later in the summer it may be reassigned.

My signature indicates that I will abide by the Garden's Procedures and Regulations.

Signature: _____ Date: _____
