Devon Thompson, Executive Assistant for Memphis City Council, 901-636-6782

**CHAIRMAN FRANK COLVETT, COUNCILWOMAN RHONDA LOGAN AND COUNCILWOMAN PATRICE ROBINSON DEMAND THAT CITY OF MEMPHIS SOLID WASTE DIVISION ISSUE CREDITS FOR THOSE IN AREA E**

MEMPHIS, TENNESSEE. (March 23, 2021) Councilwomen Rhonda Logan (District 1) and Patrice Robinson (District 3) and Chairman Frank Colvett (District 2) have all received and responded to your calls throughout the past year concerning the service failures by Waste Pro. During this time, each have held numerous town hall meetings and conversations with the Administration and the Solid Waste Division to devise the best way to service all of those affected.

However, due to the egregious nature of service, Councilmembers Logan and Robinson and Chairman Colvett will bring forward legislation to request a one-month credit for all of those affected by the lack of adequate service residing in Area E.

Currently, we are working to get City of Memphis crews and other contractors to the area to make up for this failure.

Councilwomen Logan and Robinson, as well as Chairman Colvett, encourage you all to continue to place your trash at the curb for collection and call the Mayor's Action Center (311 or 901-636-6500) with any complaints until this issue is resolved.
